

**ARTICULATION AGREEMENT
BETWEEN LOS ANGELES ORT COLLEGE
and
BIR TRAINING CENTER**

This Articulation Agreement ("Agreement") is entered into between **Los Angeles ORT College** ("LAORT") and **BIR Training Center** ("BIR") in order to allow the credits from specific courses listed on the attached Course Sheet and completed at BIR Training Center to transfer to LAORT. This Agreement will allow students who attended BIR to continue their education at LAORT without the loss of these specific credits earned by the student at BIR.

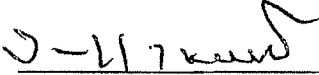

The Course Sheet lists side by side which LAORT and which BIR courses in which programs are deemed by the parties to be equivalent courses, and thus accepted for transfer credit.

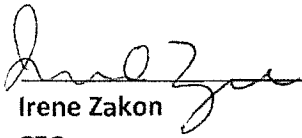

Students who complete any of the BIR courses listed on the Course Sheet with a grade of "C" or better may apply to LAORT to transfer credits from those BIR courses to LAORT, and LAORT will unconditionally accept for transfer credit the credits earned in those courses in fulfillment of the equivalent LAORT course and apply those credits towards the Associate of Applied Science (AAS) in Medical and Clinical Assistant degree program at LAORT. Since the effective date of this agreement, the courses and credits listed on the Course Sheet have been and continue to be unconditionally accepted by LAORT.

Students who would like to transfer BIR credits to LAORT must submit to LAORT an official copy of their BIR transcript as well a completed LAORT credit transfer application, and must pay any transfer credit fee required by LAORT.

Transfer credits are not included in the GPA of the LAORT student.

This Agreement will be in effect for five years from the date of execution, unless terminated earlier. This Agreement may be terminated by either party with thirty (30) days advance written notification to the other party.
